

The "Logistics Case Book," composed of cases presented in the Interuniversity Logistics Case Competition organized by LODER and Mars Logistics, was published in March 2022 under the editorship of Prof. Dr. Mehmet TANYAŞ and Prof. Dr. Gülçin BÜYÜKÖZKAN.

Following a brief introduction about LODER and Mars Logistics, the book includes the Interuniversity Logistics Case Competition jury members, the winning teams, the terms of participation, and 32 logistics cases. The book consists of a total of 136 pages.

The book is being sent in print to active members who have paid their 2022 membership renewal dues via mail.
